

DJ Tim Pocius.....

“Tim was just amazing! He interacted with all of our guests. We left the kissing game and centre piece game up to him and he chose perfectly. He played requests and he communicated with myself and Mark throughout the night to make sure that we were happy. I sent Tim an obscure song request 1 day before the wedding and he got a really great version for me!”

“The consensus was that Tim was the best DJ anyone had experienced. He was adaptable, professional, and skilled. If I throw another party in Toronto, he'd be my guy.”

“Thank you to Maximum DJ Services and to our DJ Tim. We had so many compliments on the great mix of music that was played all night long. I don't think there was ever a dull moment on the dance floor or that it was ever empty from the time the dancing started until the last song of the night. Every recommendation that was listed online for your company is 120% true - we could not have been happier with our choice. We always knew we wanted a wedding with great food, good drinks and awesome music and it couldn't have been more true. We would definitely give an incredible review to anyone who asks us and will be sure to pass along your names to anyone we know hosting a wedding/event or party. “

“Thomas and I just wanted let you know that the DJ at our wedding (Tim), was AWESOME!!

He kept the dancefloor jumping all night and that's everything we had wanted. He was super responsive and he was really great to work with. He had great music selections and made sure that he crossed many demographics. Everyone was on the dance floor, even my parents and uncles. Thank you, thank you, thank you Tim!”

“Please pass on our thanks to Tim Pocius for his excellent handling of our musical needs for last Thursday's 100th Anniversary Celebration held at the Old Mill. He simply was a fabulous person to partner with. His selection of music was excellent and his ability to handle our video needs + our "What the Heck is it?" contest was a testament to his professionalism. He certainly rolled with the flow! I would highly recommend Maximum Music for ongoing events. You were all such a pleasure to work with!”
