**“Thank you for sending this email out, I have been wanting to thank you guys for the amazing service that you provided. Planning a wedding in Toronto from Cincinnati was a little difficult, but you and the team made it so easy! Everyone there is so friendly and tried really hard to give us exactly what we wanted. I have no complaints. Riley did an amazing job with the reception and ceremony...we had a lot of people stay until the very end which is exactly what we wanted! We really appreciate all of your help and attention to detail.”**

Jennifer and Adam Wedding at Langdon Hall on June 19th, 2016

**“I was the most impressed with how Riley read the room and was able to react to how our guests were dancing and what they wanted to hear. My favourite memory is, at the end of the night, he found me to ask what final song we wanted to play and I picked "Don't Stop Believing". We managed to get absolutely everyone on the dance floor, but after the song was done, some of our guests from Newfoundland decided they didn't want it to end there. They started loudly singing an old east coast drinking song, "Barrett's Privateers", and Riley found it in his database immediately (in less than a minute) and started playing it while they were still singing! Jason and I were both so pleased that he was able to pick up on what the crowd wanted. Thank you very much for making our reception so wonderful, we would definitely recommend Maximum Music for our friends and think of you in the future!”**
